

## **Empowering Workforce Readiness in the 21st Century** ***A Voice for Family & Community***

*Connecting education and workforce in a 21st century economy to ensure our kids' future success as healthy children, successful students, and productive members of the workforce.*

**Together, with business and education leadership, we do it differently - with a "whole person" perspective that addresses the economic and human impact of our rapidly changing world.**

**We address the two biggest problems facing business and education leaders in the 21st century: the SKILLS GAP and the MENTAL HEALTH CRISIS.**

***And we do it from the heart!***

*"The Family is at the heart of what really matters to all of us. If things aren't well at home, every other area of life is affected." - Nancy Leigh DeMoss*

# 21st Century Changemaker Leadership

*Speaker • Facilitator • Workshops*

## KEYNOTE: THE BIG PICTURE!

*How Our Kids Fit Into the Bigger (STEM/STEAM) World!*

**Top Issues:** Skills Gaps & Mental Health Crisis; The Whole Person

**Top Solutions:** Unprecedented collaboration, STEM/STEAM as holistic and inclusive and breaking through the mental health stigma.

## Tangible Workshops: Truly Human Connection

### **BSB Stakeholder Collaboration: The In-Between**

- What are the jobs?
- What is the education & skills needed for those jobs?
- What are the pathways to those jobs?

### **Skills Gaps: STE(A)M is Head, Hands & Heart**

- Holistic & inclusive approach
- A doorway to humanity
- A joyful exploration of passions, talents and skill-sets through the the HHH framework.

### **Mental Health:**

#### **Listening from the Heart**

- Bust the stigma by starting the conversation
- Listening and understanding as a path forward
- The power of film as a conversation tool
